

Do you or your family need help or support?

Not sure where to turn or who to ask?

The **Early Help Support** team are running a free drop-in session to all parents & carers

We can listen to you & help you decide:

- What support you/your family may need
- Who could offer this and give you advice
- How to access early help or other local services.

Come along to meet Caroline & Charlotte

our family support team

Check out the schools website and newsletters to see when the next Drop-in will be running

If you or your family would like support & advice (beyond your child's education) sooner, please get in contact with the school office and we'll get back to you as soon as we can 😊

Early Help Support (EHS) work with all the Junior, Primary & Secondary schools in the Eckington cluster
The team is led by **Melanie Hagues**.
